J. Jeffrey Huber Daily Report

10-20-2020

River Activities – Pierce County Drone Operators coming out to survey the Puyallup River.

Construction Activities – Electron crew working on cleaning up around the center abutment.
Electron crew working on putting rip rap down.

JH – 0700 Electron crew putting in rip rap to the East and West of the center abutment. EC is also putting in smaller rock and fines so there will not be a void space between the boulders (Rip Rap).

JH – 0700 Electron crew member Bruce conducts the water quality monitoring.

JH – 0700 Electron crew member is posted 300' downstream to monitor turbidity. No issues.

JH – 0700 Electron crew welding up sheet piles for cut off wall.

JH – 0900 Pierce County drone operators on deck to survey the Puyallup River.

JH – 1300 Electron crew putting rip rap and back fill down to the East and West of the center abutment. No issues.

JH – 1600 Electron crew is cleaning up around the center abutment. No issues.

JH - 1700 Electron Fish Biologist onsite at the fish ladder.

JH – 2000 Electron crew finished for the day. Same plan for tomorrow. PC drone operators will be out in the afternoon tomorrow.
